4th grade has made a change to the reading log process. Students have been given a READO card similar to BINGO. The expectation is that students complete 4 activities per week on the card and 16 total by Oct. 25th. They also have a response sheet which is to be used on any activities that require them to write/draw a response. I will still be checking these each Friday to make sure students are staying responsible throughout the month. It is my hopes that this will help student engagement on their reading. Let me know if I can claify anything. Enjoy the fall weekend!
